

# *Survival guide for Middle school*

*By, Joseph Quintanar*

# What is virtual PE, And how does it work?

Well, Virtual PE is really fun, sometimes we do scavenger hunts for random items in our house, there is also other physical activities. Like yoga, challenges, and etc. We also talk about mental health, and regular health as well

# How to turn in work

- Take your time and do the work.
- Once your done with the work, go to the original assignment
- Then you attach the work
- And after that, you press “Turn in”

# What is virtual Robotics, and how does it work?

For virtual robotics, we use really cool websites for examples for how the real thing works. We also do quizzes like gear ratios and etc!

# How to get good grades

Here are some tips to getting good grades

- Try your hardest
- Check all the softwares that contain your work
- Turn your work on time
- Do extra credit just in case

# How to organize emails

- *Make some new "labels"*
- *Then after that, search your teacher's name in keywords*
- *Then put all of that teachers emails in one folder*
- *Then repeat that for all of your different teachers*
